Bee Bot Lesson Plan

K -1st	**Topic**: -at Word Family Bee Bot Boggle	CO BB < CODES >

Standard:
Kindergarten
ELAGSEKRF4: Read common high-frequency words by sight. (e.g., the, of, to, you, she, my, is, are, do, does); read emergent-reader texts with
ELAGSEKRF1: Demonstrate understanding of the organization and basic features of print.
1st Grade
ELAGSE1RF4: Read with sufficient accuracy and fluency to support comprehension. a. Read on-level text with purpose and understanding.

Vocabulary: Alphabet Sight Word	**Materials**: Bee Bot Mat Bee Bot Alphabet Cards Start Card

Instruction:
1. Set up Bee Bot Mats by placing alphabet cards on the squares. (Or make 3x4 mat out of bulletin board paper 15cm x 15cm squares)
2. Students will program the bee bot to target letters of -AT WORDS they are trying to spell.
3. Students will first place bee bot on start square (placed in top right corner)
4. Then student will program the bee bot to the first letter of the word, hit pause button, and then program Bee Bot to second letter of the word, hit pause button, and so on. This way it is apparent which letters the student is trying to get the Bee Bot to hit rather than just rolling over them.

Summarizer/Assessment: Teacher Observation.	**Teacher Notes** This is a great Friday activity if you have multiple mats, and bee bots to do whole class. But also makes a great center rotation with just one mat and one Bee Bot.
